Gift our services to
help someone you
love in need

BLACK DRESS
CONSULTANTS

"Rachel provides a remarkable service for recent widows at a loss as how to manage the barrage of responsibilities suddenly thrust on them. I found Rachel to be highly professional, knowledgeable and efficient, as well as extremely helpful and easy to work with. She worked quickly and effectively for me, doing as much or as little as was needed. I also found her to be empathetic, understanding and reassuring. She lifted lots of burdens from my shoulders."

- Susan S. ,Powder Springs, GA

After my own experiences with loss, I have been completely overwhelmed by all the work that comes with caring for aging and departed loved ones. I founded Black Dress Consultants to help those in the same difficult position. Our mission is to provide solutions for life's transitions and to serve as your ally for legacy planning and guide for navigating end-of-life.

Founder & CEO, Rachel Donnelly
